LEONARD P. FRIEDER, PRESIDENT

August 7, 1958

Subject: Proposal to supply prototypes and
samples of Harness Assembly for the
 Recorder Model E.

Dear Sir:

We have reviewed the requirements which your technical representatives have outlined to us for the development of a Harness Assembly especially adapted for the [REDACTED]

25X1
25X1

The design of this Harness Assembly will be coordinated with these requirements. The unit will be made comfortable for the wearer when worn several hours at a time, and permit operation of the [REDACTED] as specified.

25X1

We propose to supply experimental models and prototypes for your inspection and evaluation. Based on the accepted prototype, we will supply ten (10) samples of this approved design.

We will undertake this program on a fixed price contract to supply the prototypes and ten (10) samples for a total amount of Three Thousand Nine Hundred and Fifty Dollars (\$3,950.00). All items will be delivered to your destination.

[REDACTED] drawings will be submitted of the approved design of the Harness Assembly.

25X1

We anticipate that this work can be completed within three (3) months after receipt of your contract.

We will coordinate the classified design details of this program with your technical representatives.

Very respectfully yours,

25X1
